2-WAY SLEEVE 16MM 10PCS

Accessory for simple and time-saving installation of Core Smart in window niches. Generally installed above window recesses and allows connection of 2pcs 16mm flex hoses. Simply loop and gather the cabling inside the 25mm tube - easily accessible. Core Smart can also be installed directly inside the tube. Depending on installation, requires only one hose through the vapour barrier - reduces risk of air leaks.

DESCRIPTION

GTIN:	7392971139067
