PROFILE HIDDEN WHITE 2M

The profile for installation between ceiling and wall creates a decorative raking light along the wall surface and is available in three colours: white, black and aluminium. The opal cover provides a softer light without visible diodes and is ideal where the light should be perceived as even, such as along walls. A clear cover provides more direct light with higher luminous efficacy, which is good when the light needs to be functional, such as for shelves or workspaces. This solution provides both aesthetics and functionality, making it an excellent choice for creating atmosphere.

DESCRIPTION

GTIN:	7392971152929
Item Name:	Profile Hidden White 2m

COLOR AND MATERIAL

Material:	Aluminium
Color:	White
Available in special color:	Yes

MEASUREMENT AND INSTALLATION

Operating Environment:	Indoor / wet locations, Outdoor
Installation:	Built-in
Mounting Installation:	Screw Mounting
Width (mm):	28
Height (mm):	30
Depth (mm):	2010
Weight (kg):	0,72
