

Protective covers for most brands of approved recessed downlights. Spot Guard is manufactured from glass-fiber reinforced polyamide plastic PA6/195°C, which is V0-rated and capable of withstanding a glow-wire test of 950°C, verified by Intertek. The plastic is self-extinguishing, meets fire safety requirements, and is recyclable. The covers may be covered with insulation. Remember to follow the luminaire manufacturer's installation instructions as well as our recommendations for maximum lamp wattage according to the table.

DESCRIPTION

GTIN: 7392971103914
Warranty: 5 years

COLOR AND MATERIAL

Material: Polyamide PA6
Color: White

MEASUREMENT AND INSTALLATION

Operating Environment: Indoor / wet locations
Installation: Built-in
Mounting Installation: Screw Mounting
Fire Safety Marks: Approved for installation against insulation
Filament Test IEC 695-2-1(°C): 950
Length (mm): 200
Width (mm): 200
Height (mm): 120
Weight (kg): 0,35
