PROFILE ART SLIM WHITE 2M

A really low build profile with recessed screw holes to simplify installation and increase cooling. Perfect if you need a smooth surface that the LEDstrip adheres to easily. One side of the profile has a raised edge to support when attaching the LED strip Can be supplemented with Cover Art Slim, clear or opal, for increased protection, changed appearance and light distribution. Covers fit all of our IP20 LEDstrips. The profile is adapted for installation in both indoor and outdoor environments. Secure your installation over time with Mounting clips Profile Art Slim, installed without tools with simple snap function
