COVER OPAL 28MM 2M

Cover for our profiles with an internal width of 28 mm, available in opal, black and prismatic. Opal provides a smooth, dot-free light – perfect for soft, diffused lines and an even light output. Black transmits about 20% of the light and appears completely black when the light is off. Ideal for decorative, discreet light lines in ceilings or as suspended accent lighting. Prismatic offers maximum light output with glare-free illumination, ideal for work and general lighting.

DESCRIPTION

GTIN:	7392971150673
Item Name:	Cover Opal 28mm 2m

COLOR AND MATERIAL

Material:	PMMA
Color:	Opal White

MEASUREMENT AND INSTALLATION

Operating Environment:	Indoor / dry locations, Indoor / damp locations, Indoor / wet locations, Indoor / bathroom (ceiling area 1), Outdoor
Mounting Installation:	Press Fit
Filament Test IEC 695-2-1(°C):	650
Length (mm):	2010
Width (mm):	27
Height (mm):	8
Weight (kg):	0,05
