

PROFILE DUAL ALU 2M

Elegant double-sided aluminium profile. The extra channel is used for indirect lighting on pendant installations and/or to conceal cable routing when installing in or on ceilings, walls and floors. With the Opal Cover, an even light is created without any spots, which is perfect for creating uniform lines of light. Refer to the tabular summary under the document tab for suitable LEDstrips.

DESCRIPTION

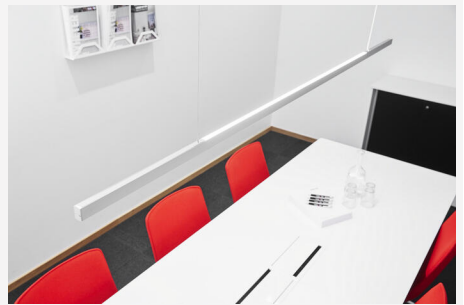

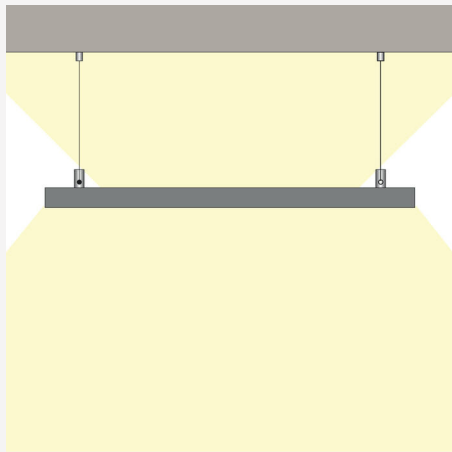

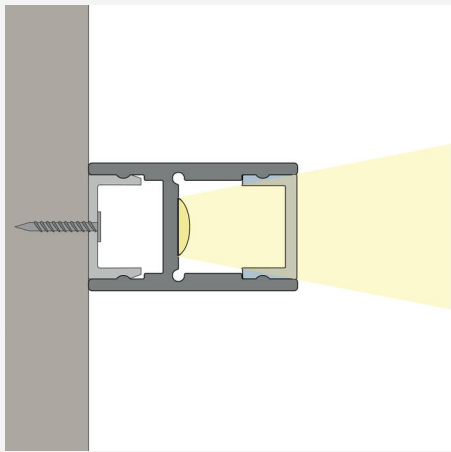

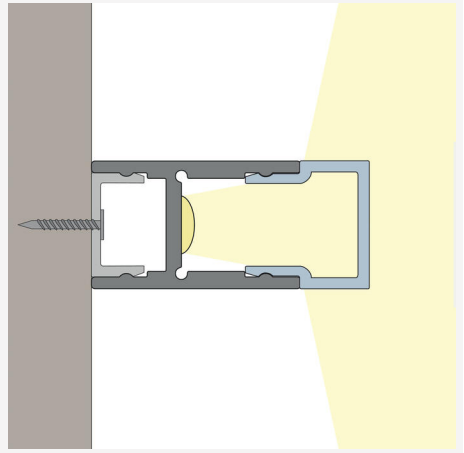

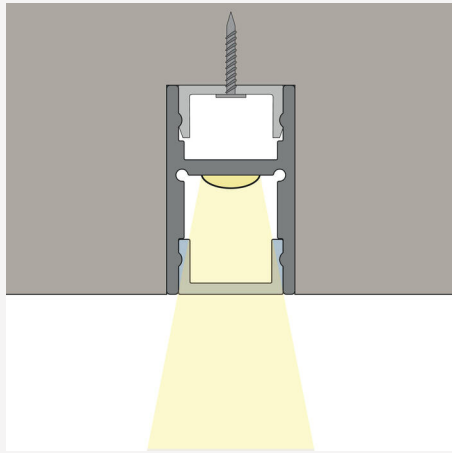

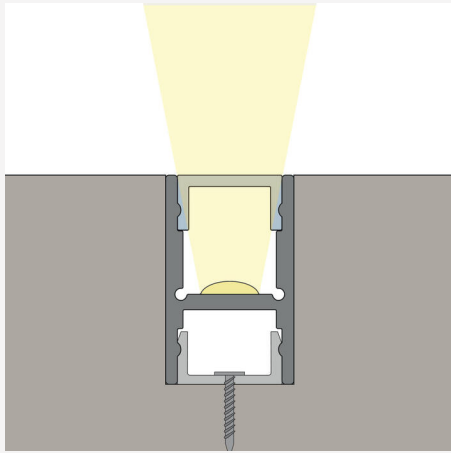

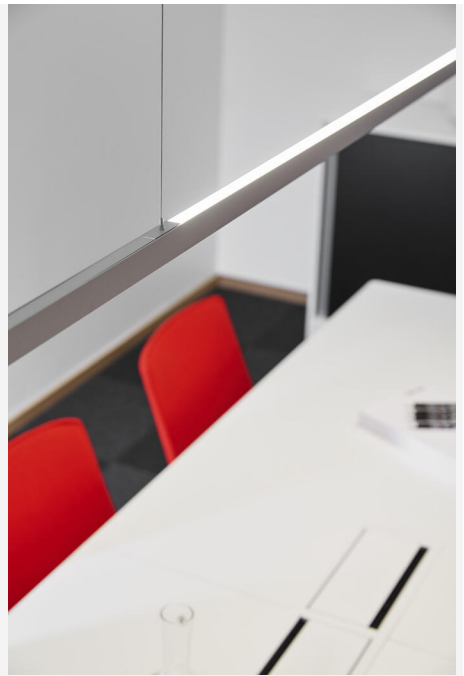

GTIN: 7392971125534
Item Name: Profile Dual Alu 2m

COLOR AND MATERIAL

Material: Aluminium
Color: Aluminum
Environmental Assessment: Byggvarubedömningen
Available in special color: Yes
