

OPTIC G2 QUICK ISO WHITE 2700K

Downlight made for a sustainable future – easily dismantled via a module system to save time when recycling. Low-build and adapted for installation in 28mm secondary spaced boarding directly against insulation. Modern LED and reflector technology with good glare-free light distribution and high lumen output. Tilttable 30°, which also makes it the perfect choice for sloping ceilings. Very good colour rendering, Ra>95. Driver with cover that can be adapted for cable or flex hose 16mm. Comes with 3-pole push-in terminal for through wiring and strain relief. This luminaire is dimmable with the most commonly available dimmers on the market.
