ECHO L 230 WHITE

Flexible luminaire with reflector technology and a high-positioned light source for very good anti-glare properties. All-round luminaire for public environments where more light is needed, e.g. rooms with high ceilings. For new installations or replacement of old compact fluorescent lamp fixtures for a much more energy-efficient installation. Adjustable lumen output and selectable colour temperature via DIP switch, 3000K, 4000K and 5700K. Complete with driver for phase dimming or DALI 2, with push-in terminals and screwless strain relief. Cover ring available as an accessory. Can be supplied with Q-Box Mini or Linect.
