

INDLINE BASIC IP23 L 85°

Indline Basic is a basic industrial luminaire – a cost-effective solution for replacing old T5 and T8 fluorescent tube installations. Available in two sizes, M and L, as well as the choice of On/Off or DALI. The well-thought-out design allows for replacement of both LEDs and drivers, which simplifies maintenance. On/Off can be adjusted to a lower lumen output and wattage via DIP-Switch Power. With a microprismatic louvre, it provides a good, even lumen output. The luminaire is supplied with opening end caps.
