

CASAMBI XPRESS WHITE

Casambi Xpress is a wireless remote control that enables smooth, physical operation within the Casambi system without wiring. With four fixed and four programmable buttons, you can control brightness, colour temperature, and scenes wirelessly via Casambi Mesh. Xpress can be used handheld or mounted magnetically on a wall bracket. It runs on a long-lasting CR2430 battery and requires no external power or installation. The minimalist and elegant design is available in white or black – perfect for both new and existing Casambi installations.
